INDEX TO VOLUME XXXVIII,

ELECTRICAL REVIEW

JANUARY 5 TO JUNE 29, 1901.

Articles marked * are illustrated; those marked ** are notes under the heading "Science Brevities;" (P.) indicates notes under "Recent Electrical Patents."

A

Accident, a singular..... 819
Accident, an unusual electric railway*..... 289
Accumulator installation in a private residence, an*..... 147
Accumulators and automobiles, by Louis Bell..... 524
Acetylene flame, efficiency of the**..... 387
Acetylene lighting**..... 144
Acknowledgment, an..... 88
Africa, telegraph system in Central..... 655
African private tramcar system, an East..... 311
Albany strike ended, the..... 674
Allen, the new commissioner of patents, Mr. Frederick I.*..... 489
Alloys, magnetic properties of**..... 716
Alternating dynamo-electric mechanisms, the theory of, by W. Elwell Goldsborough,* 4, 95, 123, 155, 183, 215, 272, 300, 331, 359, 389, 415, 445, 511, 541, 572, 645, 684, 717, 748, 779, 813
Aluminum**..... 96
Aluminum as an electrode**..... 540
Aluminum electrodes**..... 747
Aluminum, electroplating of**..... 604
Aluminum, the durability of..... 220
American automobiles abroad, outlook for, by Hart O. Berg..... 110
American Electric Fuse Company..... 351
American Electric Telephone Company's Pan-American exhibit, the*..... 795
American electrical apparatus wanted in Australia..... 382
American electrical supplies wanted..... 293
American factory methods..... 111
American Institute of Electrical Engineers 15, 171, 321, 405, 483, 544, 614
American Institute of Electrical Engineers, another gift to the..... 794
American Institute of Electrical Engineers, annual meeting of the*..... 665
American manufactured products in Germany, by Frank H. Mason..... 824
American Steel and Wire Company's officers and directors..... 295
American Telephone and Telegraph Company, annual meeting of stockholders of the.. 400
American tools, orders for..... 625
Ammonium amalgam**..... 361
Amsterdam, an electricity supply station for. 131
Anchor Electric Company, of Boston, receiver for the..... 427
Anchor Electric Company, sale of the..... 499
Anemometer, electric**..... 645
Anode rays, on, by W. Hibbert*..... 823
Appliances for United States Army use, electrical*..... 149
Arc lamp, a novel*..... 20
Arc lamp design, a new principle in*..... 108
Arc lamps, interchangeable direct-alternating enclosed*..... 630
Arc lighting at the beginning of the twentieth century, by H. W. Hillman*.....718, 750
Arc lighting experiences, some early, by George W. Stockley*..... 66
Arc spectra**..... 165
Arc telephony, wireless (see T.)**..... 302
Arcs from electrolytic oxide electrodes*..... 402
Argentine Republic, the import trade of the. 368
Arizona, electrical mining in..... 764
Armour Institute, bequests to..... 495
Aurora borealis, the**..... 683
Auroral spectrum, the**..... 165
Australia, manufacturing activity in..... 767
Australian electrical tenders..... 171
Automobile, a royal..... 630
Automobile Club of America, first run of the 377, 730
Automobile industry, the..... 441
Automobile industry in brief, the, by W. H. Maxwell, Jr..... 465
Automobile industry in the United States, the*..... 465
Automobile in Turkey, the..... 220
Automobile legislation, proposed..... 232
Automobile parts*..... 680
Automobile road race, international..... 623
Automobiles..... 835
Automobile show, the Philadelphia.....169, 210
Automobile stages on Fifth avenue..... 599
Automobile test on Long Island, winners of the 100-mile..... 548
Automobile, the electric*..... 468
Automobile, the first..... 177
Automobile, the gasoline*..... 474
Automobile, the steam*..... 471
Automobile transportation law, the..... 279
Automobile trip, trans-continental..... 700
AUTOMOBILES, 20, 113, 136, 179, 234, 286, 312, 370, 497, 591, 637, 682, 774, 805
Automobiles, European*..... 477
Automobiles in the Sahara Desert..... 409
Automobiles, military..... 647
Automobiles, some new types of*..... 599

B

Babcock & Wilcox Company's new plant, the.. 88
Baggage cars in New York, electric..... 799
Balloon, electricity collecting (P.)*..... 701
Baltimore & Ohio Railroad, the sectional electric third-rail system on the, by Henry Hale*..... 423
Barbarity, a legal..... 122
Barker, death of Hon. Henry R..... 380
Batteries in central stations, storage, by Augustus T. Treadwell, Jr..... 692
Battery, a new gas***..... 645
Battery, a new heavy-current primary..... 631
Battery, a new storage**..... 484
Battery, a new storage*..... 507
Battery, a new type of storage..... 756
Battery fan motor outfit, a suspension*..... 829
Battery installation, an interesting storage*. 760
Battery tray for automobiles (P.)*..... 253
Bell, a compact electric*..... 293
Bell mechanism (P.)*..... 758
Bell methods, by E. B. Fisher..... 800
Bell telephone estimates..... 383
Bending rolls, electrically driven*..... 433
Berlin tramways sold..... 216
Berliner patent decision and the telephone business, the..... 299
Berliner patent car decision, the..... 827
Berliner patent decision, comment on the... 313
Berliner patent, the*..... 315
Berliner telephone patent declared invalid.. 282
Bibber-White Company, the..... 422
Blanking press, an electrically driven..... 89
Bleaching by electricity, by Geo, E. Walsh... 752
Blizzard in the West..... 453
Boats, electric**..... 644
Boiler tube cleaner, a simple form of*..... 381
BOOK REVIEWS.....353, 369, 626, 675
Boston electric elevated railway—Part I*... 815
Boston elevated railway, the..... 809
Boston electric light consolidation balked... 112
Boston electric lighting companies, consolidation of the..... 405
Boston elevated railway opened..... 596
Boston's Back Bay electromobile omnibus line*..... 145
Brake question, the..... 746
Bridge footpath completed, new..... 749
Britain's commercial supremacy, Great..... 308
Britain's copper supply, Great..... 675
British appreciation, a..... 632
British Electrical Contractors' Association, a 287
British electrical news*.....346, 447, 586, 731
British mechanical surface contact railway system, a, by A. Webster*..... 753
British public and electric traction, the.... 184
British view, a..... 23
British view of American methods, a..... 372
Brooklyn-Staten Island tunnel, the..... 539
Brush holder, a new (P.)*..... 105
Brushes, commutator (P.)*..... 627
Brushes, graphite dynamo*..... 680
Bullock and Wagner companies unite, the selling organizations of the..... 505

C

Cable, a new..... 585
Cable, British Pacific..... 822
Cable, new British-German..... 623
Cable-testing outfit, a new*..... 680
Cable, the last traction..... 706
Cahoon, James Blake..... 674
Calcium carbide and phylloxera**..... 683
Calcium carbide as a reducing agent**..... 780
Calcium carbide, reducing action of**..... 747
California, industrial development of..... 587
Calorimeter, a new coal**..... 484
Canadian Electrical Association..... 674
Canadian electrical development..... 301
Canadian electric railway statistics..... 260
Cancer by X-rays, treatment of epidermoid** 243
Cape Nome cable, the..... 110
Car, a parlor electric..... 675
Car barns burned..... 237
Carbon..... 778
Carbon battery, an improved type of*..... 464
Cardiff, electric street railways in..... 487
Cars in New York on Monday, electric..... 674
Cartridge, electrically fired (P.)*..... 281
Cathode space, dark**..... 144
Cell breakage finder (P.)*..... 757
Central station and the customer, the..... 181
Central station prime movers..... 537
Central station cell, what does a..... 509
Central Union Telephone Company, call for $5,000,000 by..... 756
Century of electricity, the first, by Charles T. Child*..... 32
Chandelier and ceiling fan combinations, a new departure in*..... 463
Charges due to Rœntgenized air**..... 388
Chicago automobile exhibition, the..... 422
Chicago electric cab service discontinued.... 317
Chloroform and iodoform by electrolysis**.. 811
Cincinnati and Toledo, an electric railway between..... 732
Cincinnati lighting interests, consolidation of. 407
Cincinnati Street Railway sold..... 294
Circuits, distortionless..... 121
City fire-alarm, the telephone as a..... 810
Civilization and the electric light..... 601
Clark cells, electro-motive force of**..... 811
Cleveland & Chagrin Falls Railroad's storage battery substation, the, by R. L. Palmer* 532
Cleveland, three-cent fares for..... 499
Clip, telephone cable*..... 464
Closed conduit railway (P.)*..... 281
Coherers**..... 186
Coil insulation (P.)*..... 664
Coils and plungers, electromagnetic, by Rankin Kennedy*..... 676
Combination cutout and insulating joint, a*. 111
COMMERCIAL NEWS, export and domestic, 635, 681, 707, 733, 741, 803, 831
Commutator brush holder (P.)*..... 525
Conductors, neglected, by Dr. Leonard Waldo 143
Conduit traction system (P.)*..... 225
Congressional roll calls and voting by electricity..... 12
Connecting handle for automobiles (P.)*.... 253
Connecting-in device (P.)*..... 490
Conscience in engineering..... 386
Conservatism..... 809
Constant-current transmission..... 2
Construction work, spring..... 461
Continuous-current measuring instruments*. 113
Conventions, concerning..... 778

Conventions.
American Street Railway Association... 318
Association of Railway Telegraph Superintendents 827
Canadian Electrical Association.....768, 827
Convention notes..... 138
Convention, the.....603, 641, 745
Conventions (editorial)..... 509
Electric light notes..... 678
Electric light, the..... 670
Independent Telephone Association, annual meeting of the..... 524
Iowa Telephone Association..... 291
Master Mechanics and Car Builders.... 826
Municipal Electricians, International Association of.....321, 544, 732
National Electric Light Association, 291, 529, 571, 594
National Electric Trades' Association meeting 411
Northwestern Electrical Association at Milwaukee 23, 137, 153
Northwestern Electrical Association, the 756
Ohio Independent Telephone Association's 504
Southwestern Gas, Electrical and Street Railway Association..... 427
Street Railway, the..... 821
Telephone notes..... 764
Telephone, the Independent,* 674, 706, 724, 761
United Electrical Contractors' Association 790
Conversazione, the institute..... 482
Converters, synchronous, by W. E. Goldsborough 166
Cooper Hewitt lamp, notes on the, by Peter Cooper Hewitt*..... 513
Copper companies, combination of..... 556
Copper exports..... 21
Copper, the future of..... 357
Corporation News, 26, 118, 150, 178, 238, 266, 294, 326, 354, 382, 409, 437, 506, 534, 598
Corpuscular hypothesis, the.....603, 605
Craze for office, the..... 171
Crystallization** 484
Cuba, minerals in..... 680
Cuba wants the telephone..... 746
Currents, the distribution and conversion of received, by Henry G. Stott*....521, 554, 580
Curtis Publishing Company, Philadelphia, Pa., electrical plant of the, by John S. Griggs, Jr.*..... 417

D

Davis, death of Henry C..... 209
Dawson City (Y. T.) telephone exchange, the* 758
Dayton Fan and Motor Company enjoined, the 598
Death by electricity..... 585
Death, electrical..... 786
Delivery wagon, an electromobile*..... 599
Depilation by high-tension electric currents** 186
Despair, comic..... 214
Detroit & Pontiac railway sold..... 759
Detroit public lighting commission, semi-annual report of the..... 377
Dielectric constants**..... 747
Dinner of the American Institute of Electrical Engineers, the "New Century"..... 112
Direct versus alternating current..... 682
Disaster, a lesson from..... 298
Discharges, stratification of**..... 387
Disruptive discharge in electrolytes**..... 747
Dividends of telephone companies..... 404
Doherty, Mr. Henry L..... 702
Dot's difference, a..... 630
Draughtsmen at the Navy Yard, New York, electrical 634
Drawbridge in the world, the largest electrically operated, by H. G. Tyrrell*..... 434
Drills, electric rock*..... 705
Drs. Duncan and Hutchinson appointed consulting electrical engineers to the rapid transit commission*..... 349
Duluth, power plant at..... 674
Dutch Automobile Club, endurance test of the 722
Dynamo, Professor Thomson's (P.)*..... 1

E

Earths, conductivity of the rare**..... 604
Economy guarantees of high-speed, simple engines, by E. J. Armstrong..... 11
Eddy Electric Manufacturing Company, the works of the*..... 455
Edison Electric Illuminating Company of New York..... 260
Edison Illuminating Company's first plant, the, by Charles S. Bradley..... 73
Edison on his new storage battery, Mr..... 675
Edison Storage Battery Company, the..... 700
Edison storage battery, the..... 641
Edison storage battery, the new..... 491
Edison's reminiscences of the first central station, Mr.*..... 60
Editor, the considerate..... 287
Education, technical..... 570
Educational News.....638, 682, 711, 807, 836
Electric Effluvium..... 446
Electric lighting company in Denver, a new.. 147
Electric power transmission to-day and to-morrow, by L. B. Stillwell..... 81
Electric road, cost of an elevated..... 799
Electric traction, a beginning of new history in 88
Electric traction on the Orleans railway, Paris** 144
Electric trains on German steam railroads... 112
Electric vehicle service, public..... 571
Electric vehicles and storage batteries, by Thos. J. Fay..... 454
Electrical engineering, self instruction in, by W. H. Radcliffe..... 219
Electrical enterprise in Great Britain, progress in..... 133
Electrical execution..... 329
Electrical exhibitors at the Pan-American Exposition 368
Electrical exports, American, by Arthur Stanley Riggs.....306, 340
Electrical exports to Japan..... 136
Electrical Illumination at the beginning of the twentieth century, by Louis Bell.... 230
Electrical plants in Europe, cost of..... 134
Electrical suburban railway service for New York city..... 242
Electricity, a new field for..... 778
Electricity, atmospheric**..... 361
Electricity on the railway..... 153
Electricity or autopsy?..... 385
Electro-capillarity of mixtures**..... 3
Electrochemistry 214
Electrocution at Sing Sing, another..... 112
Electrocution, brutal, bungling..... 279
Electrolysis in the bleaching of textile fabrics* 527
Electrolysis, slotting and drilling by**.... 780
Electrolysis, to prevent..... 316
Electrolytic refining industry in the United States, present status of the, by Titus Ulke 85, 101
Electromobile, a champion of the..... 406
Electromobile competition in Berlin..... 179
Electromobile evolution, by W. H. Maxwell, Jr. 51
Electromobile storage battery, new..... 12
Electromobile, the wiring connections of an*. 466
Electromobiles do not freeze..... 251
Engineering feat, an..... 569
Engineering, free..... 810
Engineering, the romance of..... 29
Engineers and Electricians, Society of Model 452
Engineers, the American Society of Mechanical 669, 700
Engines, duplex-compound*..... 633
England's coal supply..... 1
Ericsson hotel telephones*..... 379
Erie Telephone Company and the Telephone Company of America, the..... 218
Erie Telephone Company, new directors of the 173
Erie telephone system, new management in charge of the..... 134
Executions, electrical..... 642
Export notes.....18, 208, 320, 393, 460, 590
Exporter, a hint to the..... 242
Exports, a century of American, by Arthur Stanley Riggs..... 100
Eye, effect of invisible rays upon the**..... 540

F

Factory and the foreigner, the..... 270
Fakir, the passing of the..... 642
Fan, a direct-coupled, engine-driven*..... 355
Fan motor, the electric..... 181
Fan motor, the history and development of the, by F. V. Henshaw..... 187
Fan, novel electric (P.)*..... 525
Fan, portable electric (P.)*..... 664
Fan support, electric (P.)*..... 701
Fans, a new departure in electric*..... 772
Fans for 1901, electric*..... 190
Fans in the export trade, electric, by Arthur Stanley Riggs..... 205
Farnham, Isaiah H.*..... 544
Farnham killed, I. H..... 510
Ferguson electric light bracket, the*..... 830
Ferguson, Mr. L. A*..... 703
Ferro-silicon** 747
Fireproofing, electrolytic**..... 644
Fireproofing wood**..... 96
Fire engine and hose cart, electrical (P.)*... 490
Fire exaggerated, account of..... 409
Fish to be president of the Bell Telephone Company, F. P..... 503
Fixture block, a novel*..... 383
Forces of nature and their exploitation, the mechanical 828
Forsee (4-C) system of charging, the, by L. R. Wallis*..... 658
Fountains, artificial electric..... 794
France, water-power development in..... 790
Franchise asked for in Detroit, a new railway 706
Franchises in Cuba, railway..... 700
Franklin's contributions to electrical science, Benjamin, by Edwin F. Northrup,* 396, 430, 453, 488
Freak, a Belgian..... 628
Frequency of alternating currents* **..... 362
French view of wireless telegraphy, a..... 819
Furnace, electric crucible (P.)*..... 627
Furnace, electric glass* **..... 811
Furnace, new electrical (P.)*..... 490
Furnace temperatures, electrical measurements of, by Dr. Leonard Waldo..... 82
Fuse box, electric (P.)*..... 343

G

Ganz traction system, the..... 164
Gas batteries**..... 3
Gas thermometers..... 19
Gases, atmospheric**..... 362
Gate, an interlocking electrically operated drawbridge, by H. G. Tyrrell*..... 634
Gaulard, a tribute to M., by J. W. Kempster 305
General Electric Company, annual meeting of the..... 663
General Electric Company at the Pan-American Exposition, the*..... 796
General Electric dividend..... 354
General Electric Company enjoins Lorain Steel Company..... 351
General Electric Company in 1900, progress of the..... 115
General Electric Company, new office building for the..... 802
General Electric profits..... 499
General Electric secures Manhattan elevated contract 544
General Electric stock, rise in..... 478
General Electric Company's Schenectady works, the..... 329
General Electric Company's statement..... 463
Generator, a new type of railway*..... 740
Generator, a novel steam*..... 291
Generator in Rochester, N. Y., largest..... 25
German electric railway statistics..... 427
German industries at a standstill..... 517
German rapid transit..... 446
German technical bureau..... 823
Germany as a leader in fast electric traction. 487
Gift, a munificent..... 681
Gilbert, death of Fred'k A.*..... 131
Glasgow *Herald* printed by electricity, the.. 674
Glass bulbs, perforation of* **..... 388
Glass making, electricity in..... 753
Globes, tests on insulating**..... 683
Glower lamp heater (P.)*..... 592
Glowers for incandescent lamps (P.)*..... 401
Gold, electrolytic recovery of**..... 387
Goldmine, a new Mexican electrically operated 399
Government ownership of telegraph lines in the United States..... 403
Gramme, death of Zenobe Theophile..... 209
Gray, death of Professor Elisha..... 143
Greek telephone lines*..... 623
Ground wire clamps, plastic alloy*..... 479
Guatemala, the telephone company of*..... 217
Gutta-percha, French cultivation of..... 765

H

Hartford Electric Light Company's system, the* 607
Havana, telephones in 739
Hawaii, wireless telegraphy in 105
Heater, electric (P.)* 253, 343
Heating appliances, electric (P.) 369
Heating, notes on electric, by James I. Ayer. 86
Helena, Mont., light and railway plant 630
High tensions and high frequencies 93
Home of the Automobile Club of America in New York, new* 262
Hot water heating from central stations, design of pipes for, by A. D. Adams, 616, 656
Hot wire instruments** 387
Human factor, the 714
Human body, the electrical resistance of the, by W. L. Hooper 821
Hydrocarbon or gasoline motor vehicles, by C. J. Field 478

Wireless telegraphy record, a..... 657
Wireless telegraphy, syntonic, by G. Marconi*..... 754, 781
Wonderful water-power, a, by F. E. Santas*. 135
Work, keep cool while you*..... 828

X

X-ray, a brief history of the, by Eugene W. Caldwell 78
X-ray transformations**..... 361
X-rays in chemical analysis**..... 444

Y

Yankee mechanics, a British view of..... 677
Yerkes disposes of his Chicago interests, Mr. 739

Z

Zeeman effect, the electric analogue of the**. 302

(FOR NAMES OF AUTHORS SEE NEXT PAGE.)

AUTHORS OF ARTICLES IN VOL. XXXVIII OF THE ELECTRICAL REVIEW.

Adams, Alton D., Design of Pipes for Hot-Water Heating from Central Stations, 616, 656
The Economic Radius of Arc-Lamp Service from Constant-Pressure Dynamos..... 254
Ayer, James I., Notes on Electric Heating... 86
Becquerel, Henri, the Radioactivity of Matter 371
Bell, Louis, Accumulators and Automobiles... 524
Electrical Illumination at the Beginning of the Twentieth Century..... 230
Benjamin, George H., M. D., The History and Effect of Electrical Patents..... 64
Berg, Hart O., Outlook for American Automobiles abroad..... 110
Blendiger, F. L., Telephone and Railway Signaling 594
Bradley, Charles S., The Edison Illuminating Company's First Plant..... 73
Burch, Loren W., Practical Line Construction 141
Caldwell, Eugene W., A Brief History of the X-Ray 78
Chenery, E. A., The Telephone in Steam Railroad Service*..... 284
Child, Charles T., The First Century of Electricity* 32
Dobbs, A. E., Construction of Small Telephone Exchanges, 13, 221, 250, 344, 398, 425, 449, 487, 518, 723, 751
The New Equipment of the Sandusky Telephone Company*..... 563
Doherty, Henry L., The Rate Question..... 140
Draper, George H., The Metric System..... 791
The National Bureau of Standards*..... 492
Dunlap, Orrin E., Pioneer Power Development at Niagara Falls..... 495
The Niagara Falls Power Company's New Aluminum Transmission Line*..... 259
Fay, Thomas J., Electric Vehicles and Storage Batteries 454
Storage Battery Porosity..... 622
Field, C. J., Hydrocarbon or Gasoline Motor Vehicles 478
Fisher, E. B., Bell Methods..... 800
Garratt, Allan V., The Speed Regulation of Water-Wheels 119
Gilliland, E. T., Early Experiences of a Pioneer Telephone Man..... 84
Goldsborough, W. Elwell, Synchronous Converters 166
The Theory of Alternating Dynamo-Electric Mechanisms, 4, 95, 123, 155, 183, 215, 244, 272, 300, 331, 359, 389, 415, 445, 511, 541, 572, 645, 684, 717, 748, 779, 813
Griggs, Jr., John S., Electrical Plant of the Curtiss Publishing Company, Philadelphia, Pa.*..... 417
Hale, Henry, The Sectional Third-Rail Electric System and the Baltimore & Ohio Railroad* 423
Hamilton, G. C., Rights of Abutting Owners as Against Telephone and Telegraph Companies 559
